

Excellent Student Poster Award

of

The First International Symposium on Interdisciplinary Materials Science (ISIMS-2008)

Poster No.	Name (Affiliation)	Title
7	Satoko Ueda (University of Tsukuba)	Synthesis of Cyclic Zinc(II) Dipyrrin Trimer by Heteroleptic Coordination
9	Nozomi Kimura (University of Tsukuba)	Recognition of Aromatic Guests by Molecular Metalloclefts Bearing Terpyridine-Pt(II) Moieties
17	Naoya Sakamoto (University of Tsukuba)	Synthesis and Guest Recognition Ability of Macrocyclic Oligo-Dipyrrin BF ₂ Complex
29	Hidefumi Nikawa (University of Tsukuba)	Photophysical Properties of N@C ₆₀
33	Yuko Yamazaki (University of Tsukuba)	¹³ C NMR Spectroscopic Study on C ₂ Cluster Encapsulated in Fullerene Cage
45	Masaki Saruyama (University of Tsukuba)	Synthesis and Characterization of PdCoPd Sulfide Nanopeanuts
58	Shogo Sumitani (University of Tsukuba)	Preparation and Characterization of Tumor-Specific Imaging Probes Utilizing the pH-sensitive PEGylated Nanogels Containing ¹⁹ F Compounds.
67	Tooru Yamagishi (University of Tsukuba)	A Micro SQUID Using Small Tunnel Junctions
70	Naohiro Okawa (University of Tsukuba)	STM-Induced Light Emission from an Organic-LED Structure
88	Kanaka Raju Pandiri (University of Electro-Communications)	Arbitrary Optical Waveform Generation with Ultra-High Repetition Rate Using Line-by-Line Control of Spectral Phase of Broad Raman Sidebands
