

The 152nd

ICYS & MANA Joint Seminar

The 73rd

15:30-16:00

Dr. Hiroyuki Takeda

ICYS-Sengen Researcher, NIMS

Title: Exact simulations of quantum dot population switching in photonic crystals

Chair: Dr. Kazuaki Sakoda, Quantum Dot Research Center (NIMS)

16:00-16:45

Dr. Liang Li

Associate Professor, Advanced Functional Materials Lab

East China University of Science & Technology

Title: Low Consumption MEMS LEL Sensor Based on Mesoporous Structure and Nano-catalyst

Chair: Dr. Yufang Zhu, ICYS-Sengen Researcher, NIMS

Venue: 8F, Small Conference Room, Central bldg., SENGEN Site

Date: July 2nd, Friday Time: 15:00-16:45
