

The 61st

ICYS

Special Seminar

13:30-14:15

Prof. Julia Weertman

Dept. of Materials Science and Engineering, Northwestern University

**Title: Detwinning and Crack Initiation Produced by Deformation
in Multilayer Copper/Copper Samples with Nanoscale Twinning**
Chair: Dr. Koichi Tsuchiya, ICYS Deputy Director

14:15-15:00

Prof. Johannes Weertman

Dept. of Materials Science and Engineering, Northwestern University

**Title: Revisiting the Uniformly Moving Dislocation of Arbitrary
Velocity**
Chair: Dr. Koichi Tsuchiya, ICYS Deputy Director

***Venue:* No. 1 Conference Room, Central bldg., SENGEN Site**

***Date:* Jan 22nd, Friday *Time:* 13:30-15:00**

Contact: International Center for Young Scientists (ICYS), Nakajima (ext6075)
